Workspace Services

This is required before the app can be installed. You automatically receive:

Direct installation of all corporate resources.

Secured corporate network access.

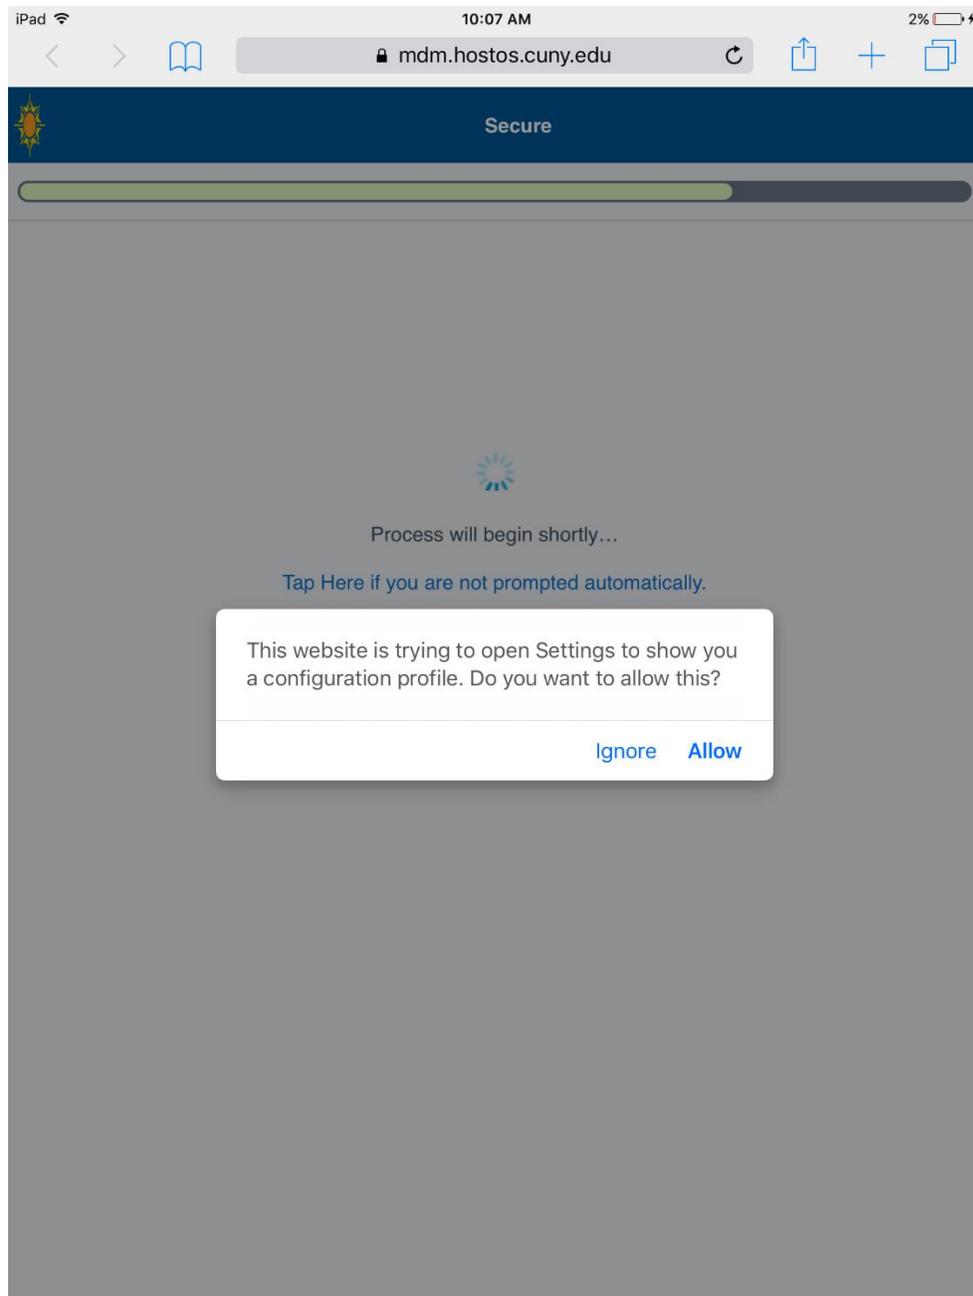

Synchronized apps and content on all of your devices.

An enhanced app experience that will make you more productive.

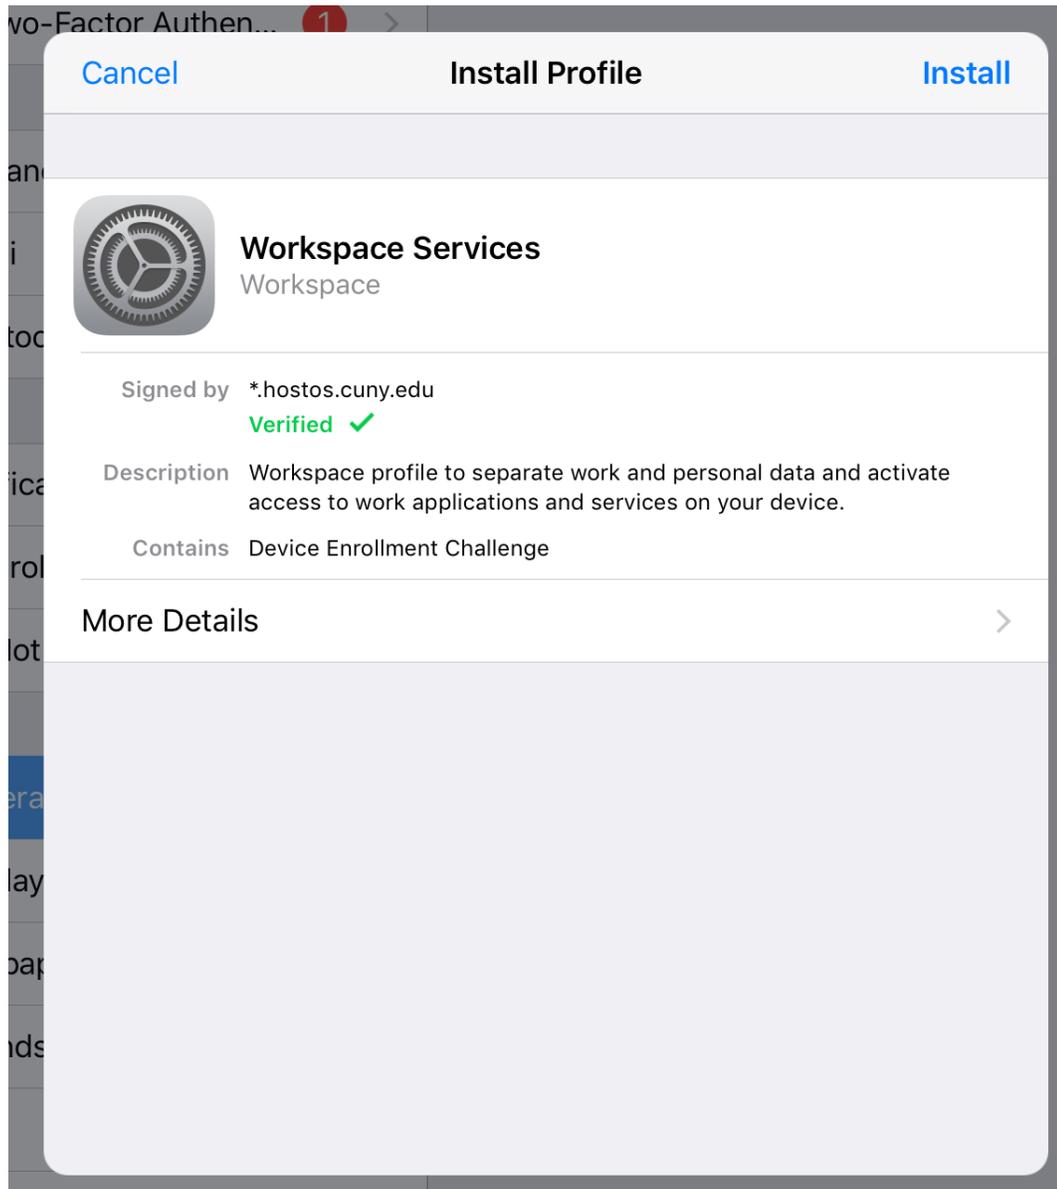

Next

5. In the next series of windows, you will receive prompts for necessary steps to continue with the enrollment process:

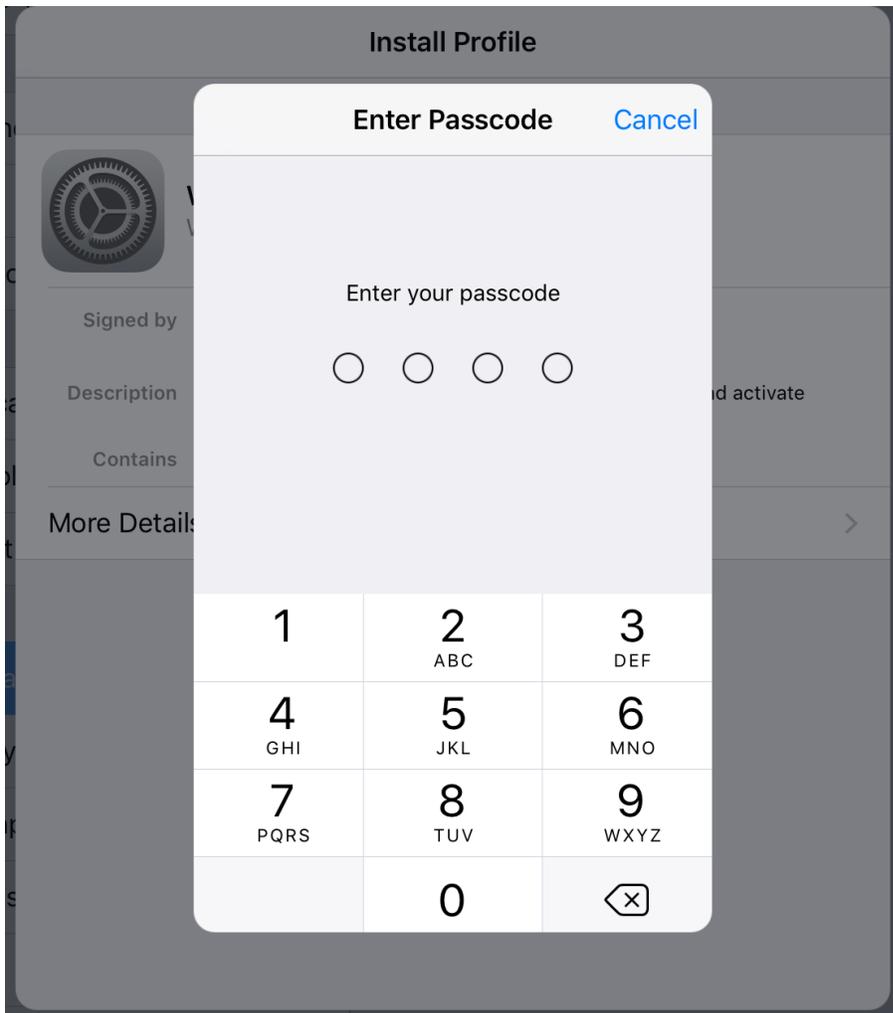

a) Press allow on the prompt.

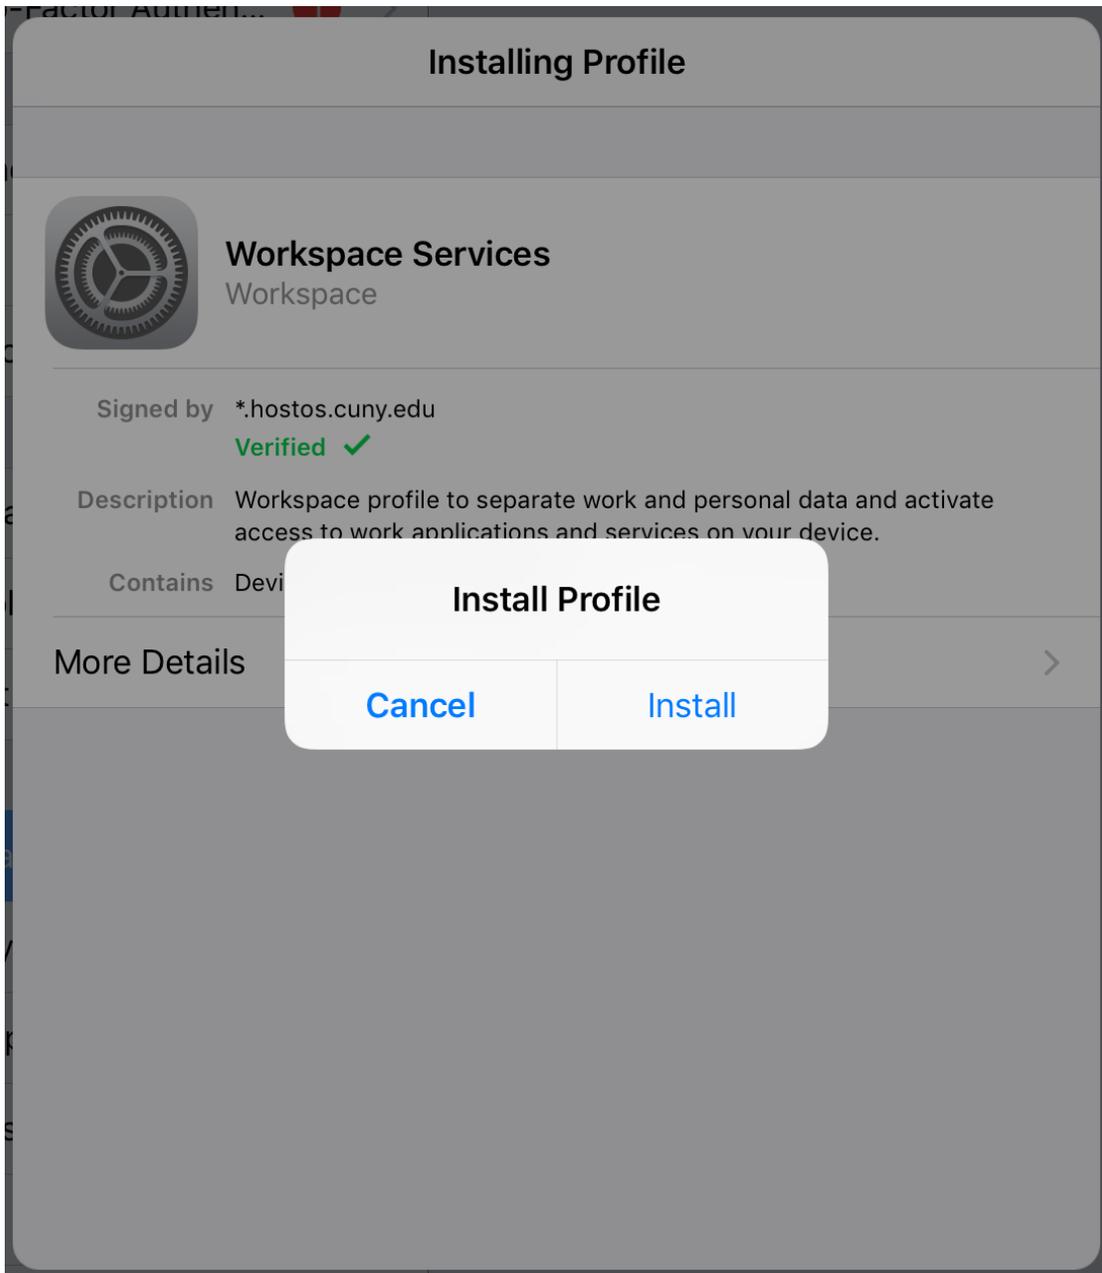

b) The next step will install Workspace Services. Press “Install.”

c) If you have a device passcode already enabled, you will need to enter it when prompted.

d) Press on “Install” through the remaining “Install Profile” prompts:

Cancel

Warning

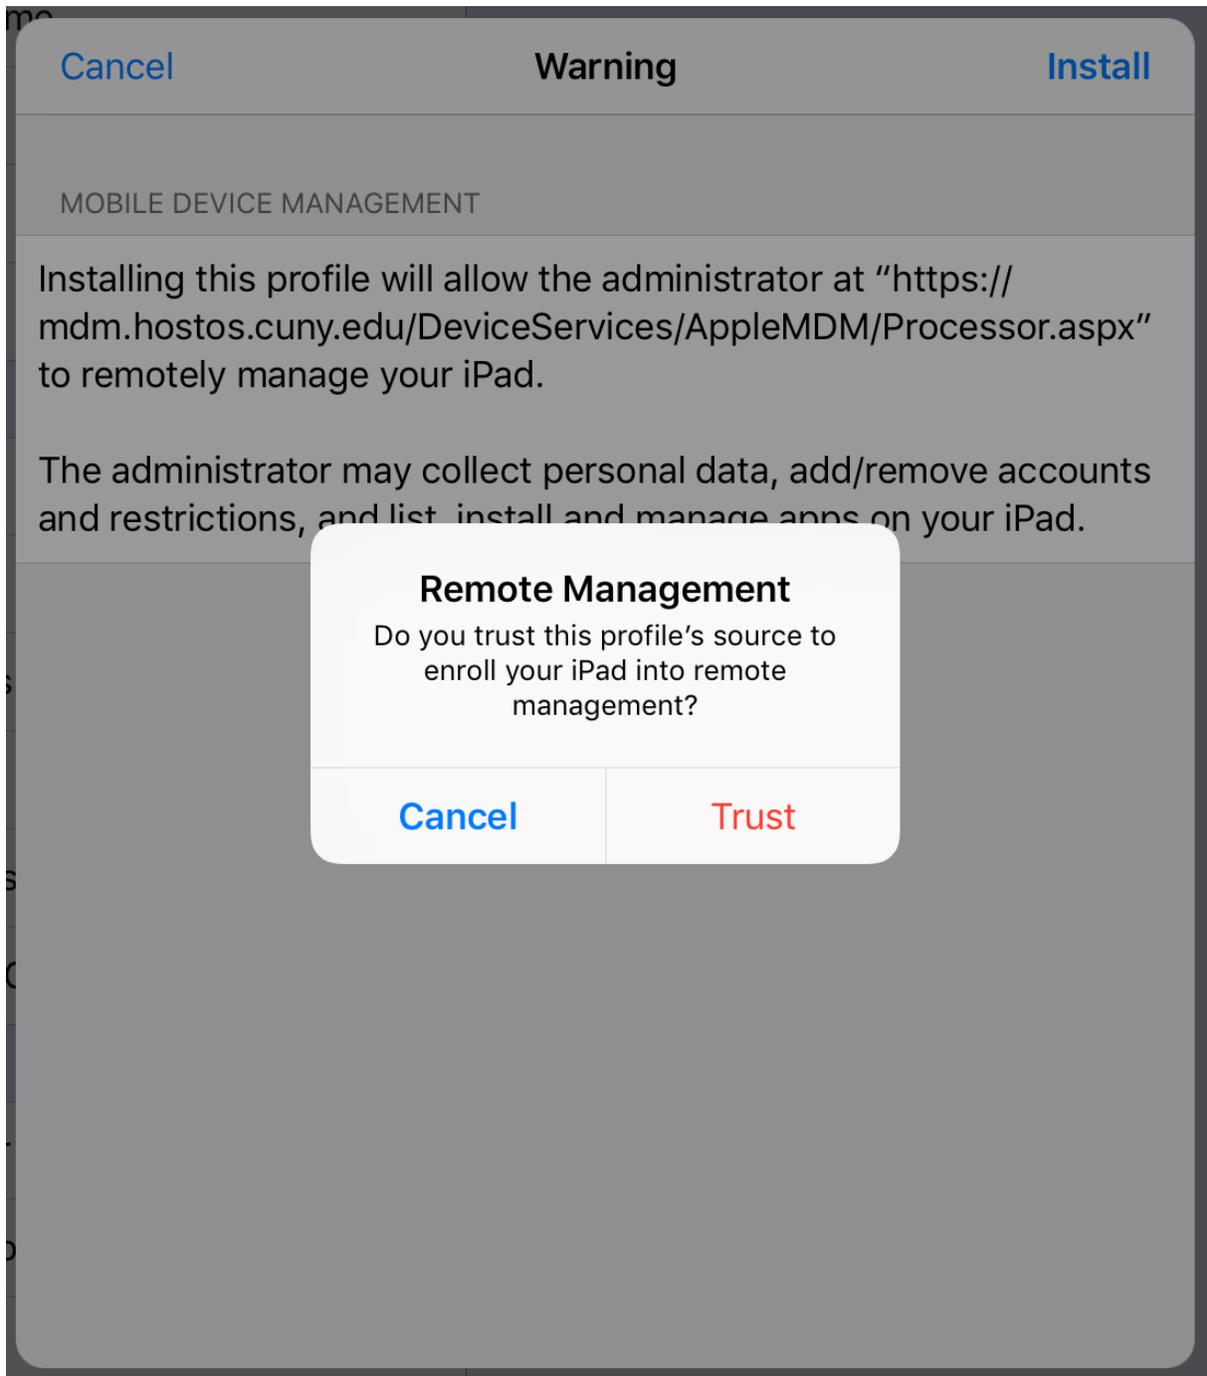

Install

MOBILE DEVICE MANAGEMENT

Installing this profile will allow the administrator at "<https://mdm.hostos.cuny.edu/DeviceServices/AppleMDM/Processor.aspx>" to remotely manage your iPad.

The administrator may collect personal data, add/remove accounts and restrictions, and list, install and manage apps on your iPad.

e) Press "Trust" in the Remote Management Popup.

Press "Done" on the following screen to complete this part of the process.
