<b>Free Electives*</b> .....	<b>9-11</b>
<b>Total Credits for Degree</b> .....	<b>60</b>

\*Depending on placement, students may be required to complete MAT 160. These students should consult with an advisor in the Math department. Students, who are required to take MAT 160, will complete the course as part of the Common Core Mathematical and Quantitative Reasoning and will take MAT 210 under "free electives".

Students pursuing Middle and High School certification in Education at Lehman College should select the following courses: EDU 101, 117, 130 and 140.

The program has received a waiver to specify particular courses students must take in STEM areas of the Common Core (Mathematical and Quantitative Reasoning). If students take a different course in this area, they will be certified as having completed the Common Core area, but it may not be possible for them to finish their degree in 60 credits.
