PROCESS WORKFLOW FOR NEW HIRE AND RE-HIRE

New Hire:

1. Contact the Recruiting Assistant for position number to use before submitting position request via CUNYfirst MSS. Position request should be submitted at least two weeks in advance of the anticipate start date. The HR will review and process the request – Budget is the next approver.
2. If the hiring involves recruitment processes in TAM (e.g. job posting), the Recruiting Assistant will be reaching out to you to complete these processes.
3. If the hiring as mentioned in the previous step does not involve job posting (e.g. college assistant position) and you have received notification of approved position request, send the chosen candidate to HR to pick up the employment package.
4. Instruct the chosen candidate to return completed employment package to HR as early as possible. HR staff at front desk will review for the package and verify any required documentations for compliance with state and federal regulations (e.g. I-9). The package is then forwarded to the HR Processor.
5. When the candidate information is processed in CUNYFirst, a system generated e-mail will be sent to you, the reporting manager, to claim the new email account for your new employee. Your new employee can pick up the Hostos ID card on the following business day at the Public Safety ID room (BC-42A).

Effective 7/1/13, you are no longer required to submit pars for full time actions but pars for part time or hourly actions remain in effect. PAR users will be notified by system to submit pars for approval.

Re-Hire/Appointment:

1. Check the department profile report (available online at HR homepage under *Related Links* section) for vacant position number for the appointing title or contact Recruiting Assistant.
2. Submit position request via CUNYFirst MSS. Follow steps 2-5 from the New Hire process above. Completion of the employment package and re-fingerprinting are required only if the employee has separated for over one year. The employee's email account will be re-activated but Hostos ID card may have to be re-issued.

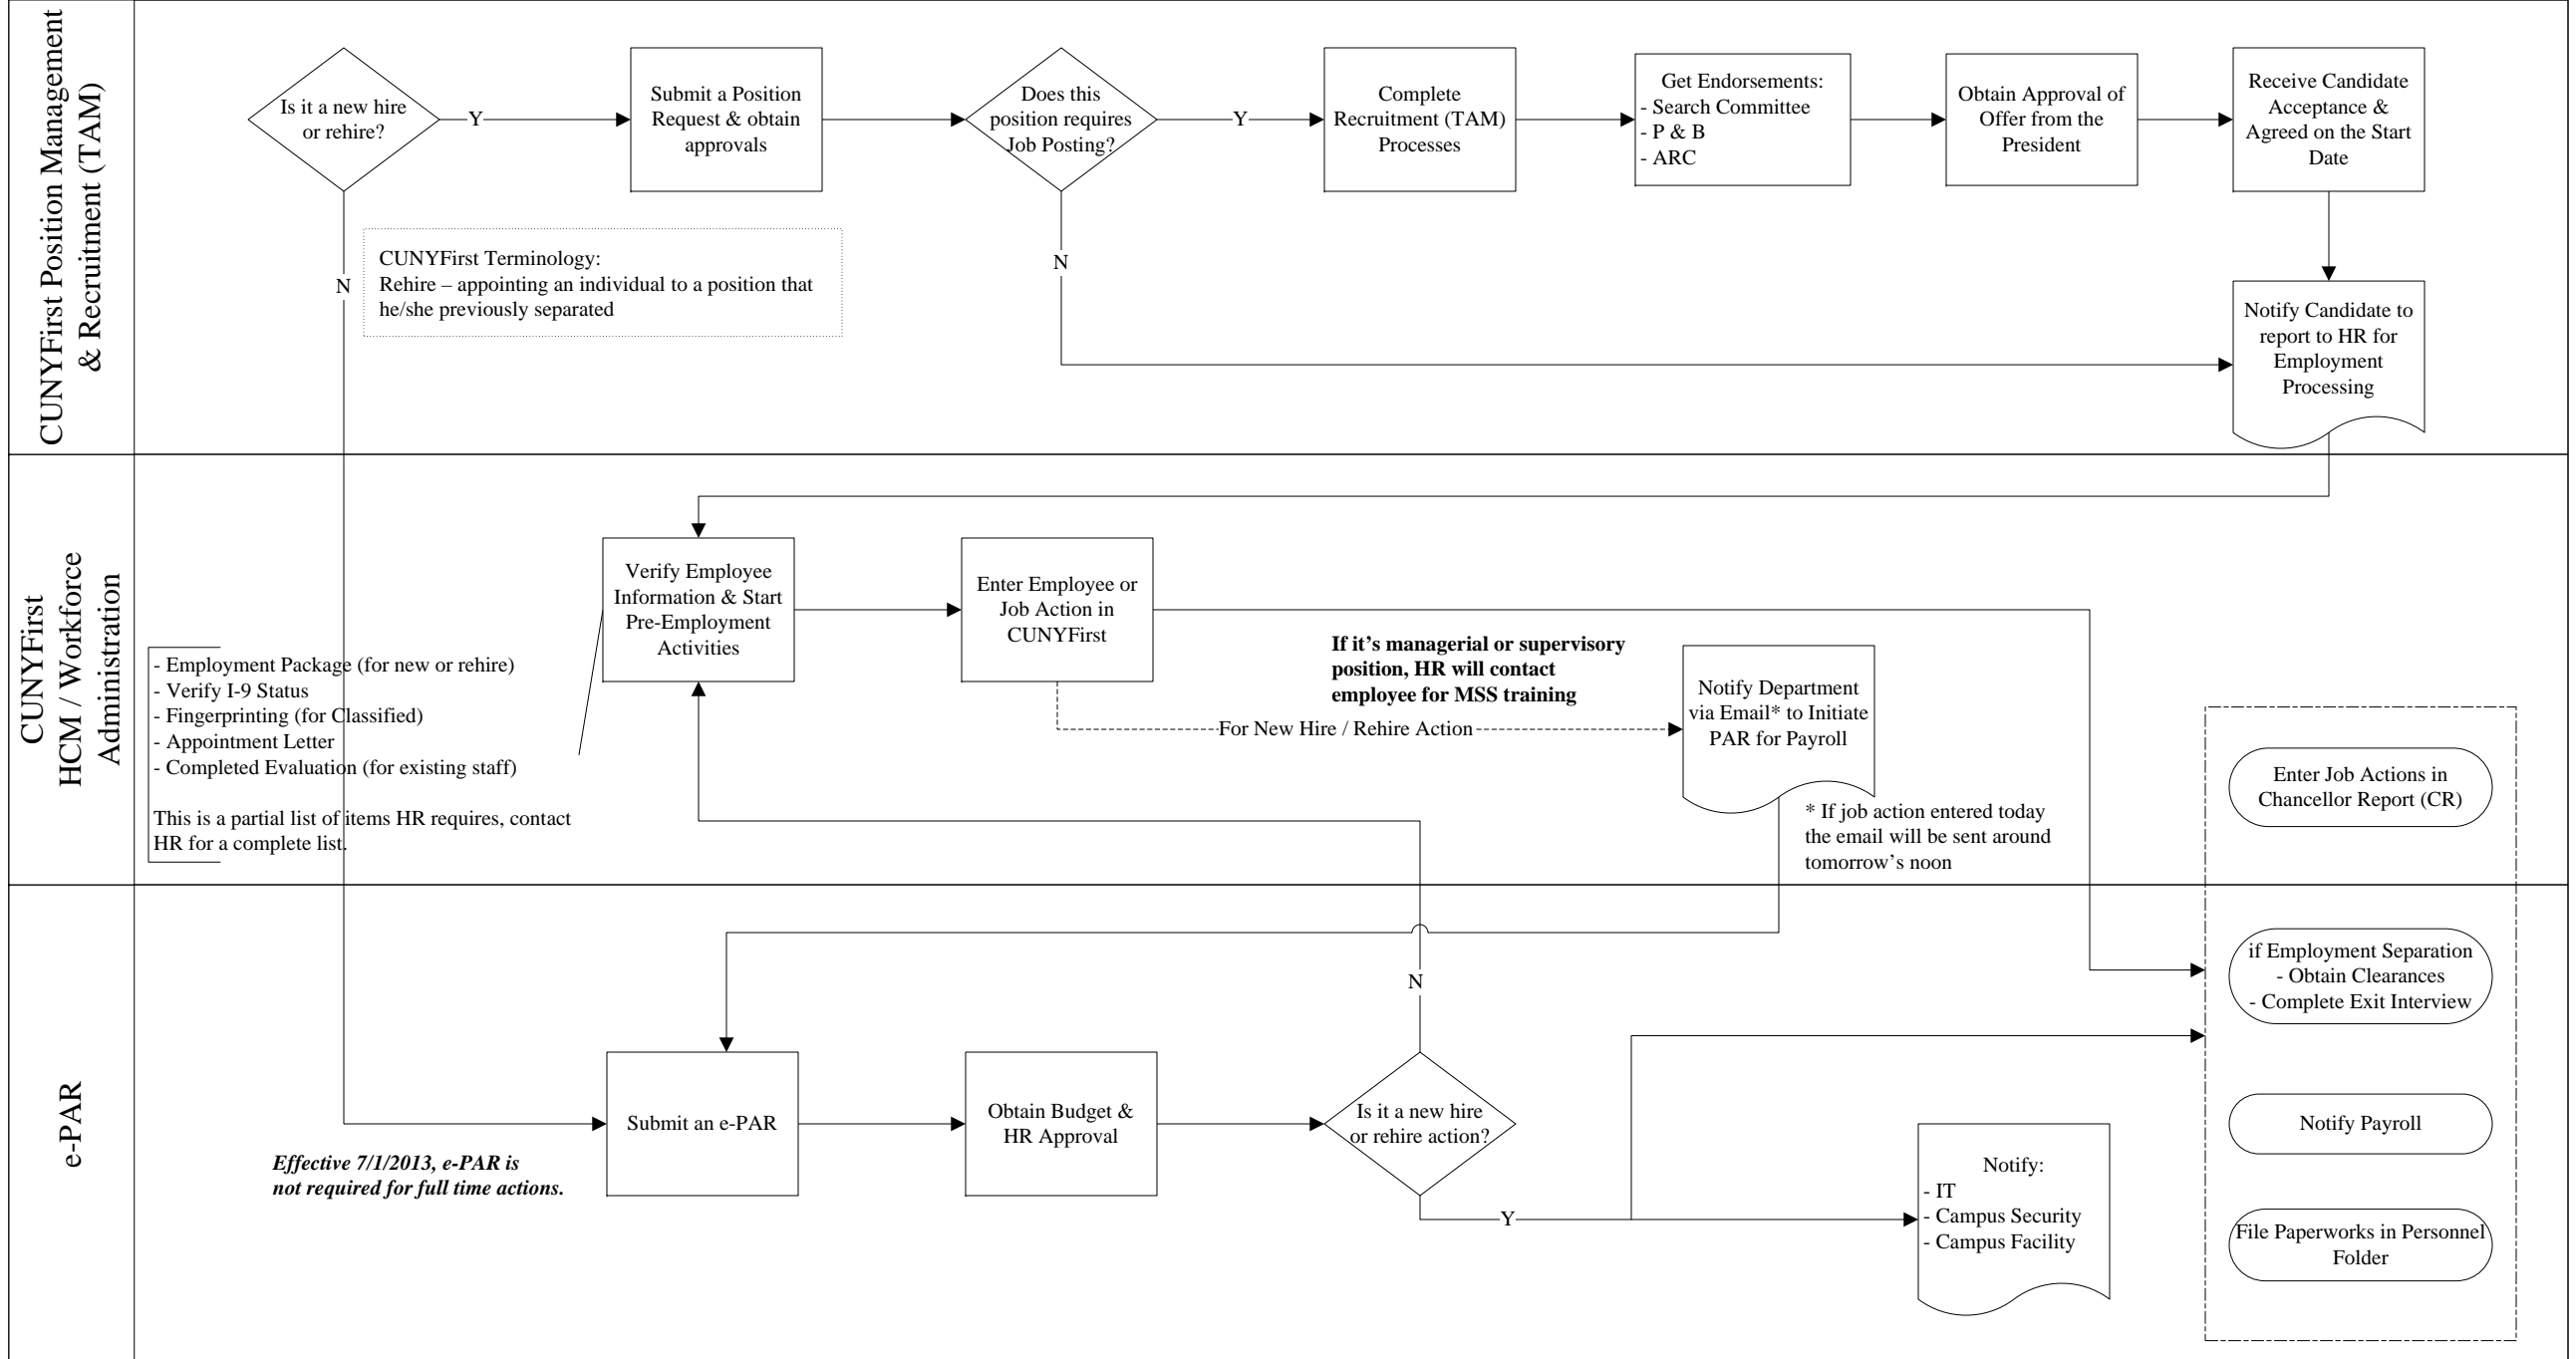

Only pars for part time or hourly actions are required. PAR users can obtain the employee ID from previous pars or contact HR for assistance.

For College Assistants Appointment/Re-appointment:

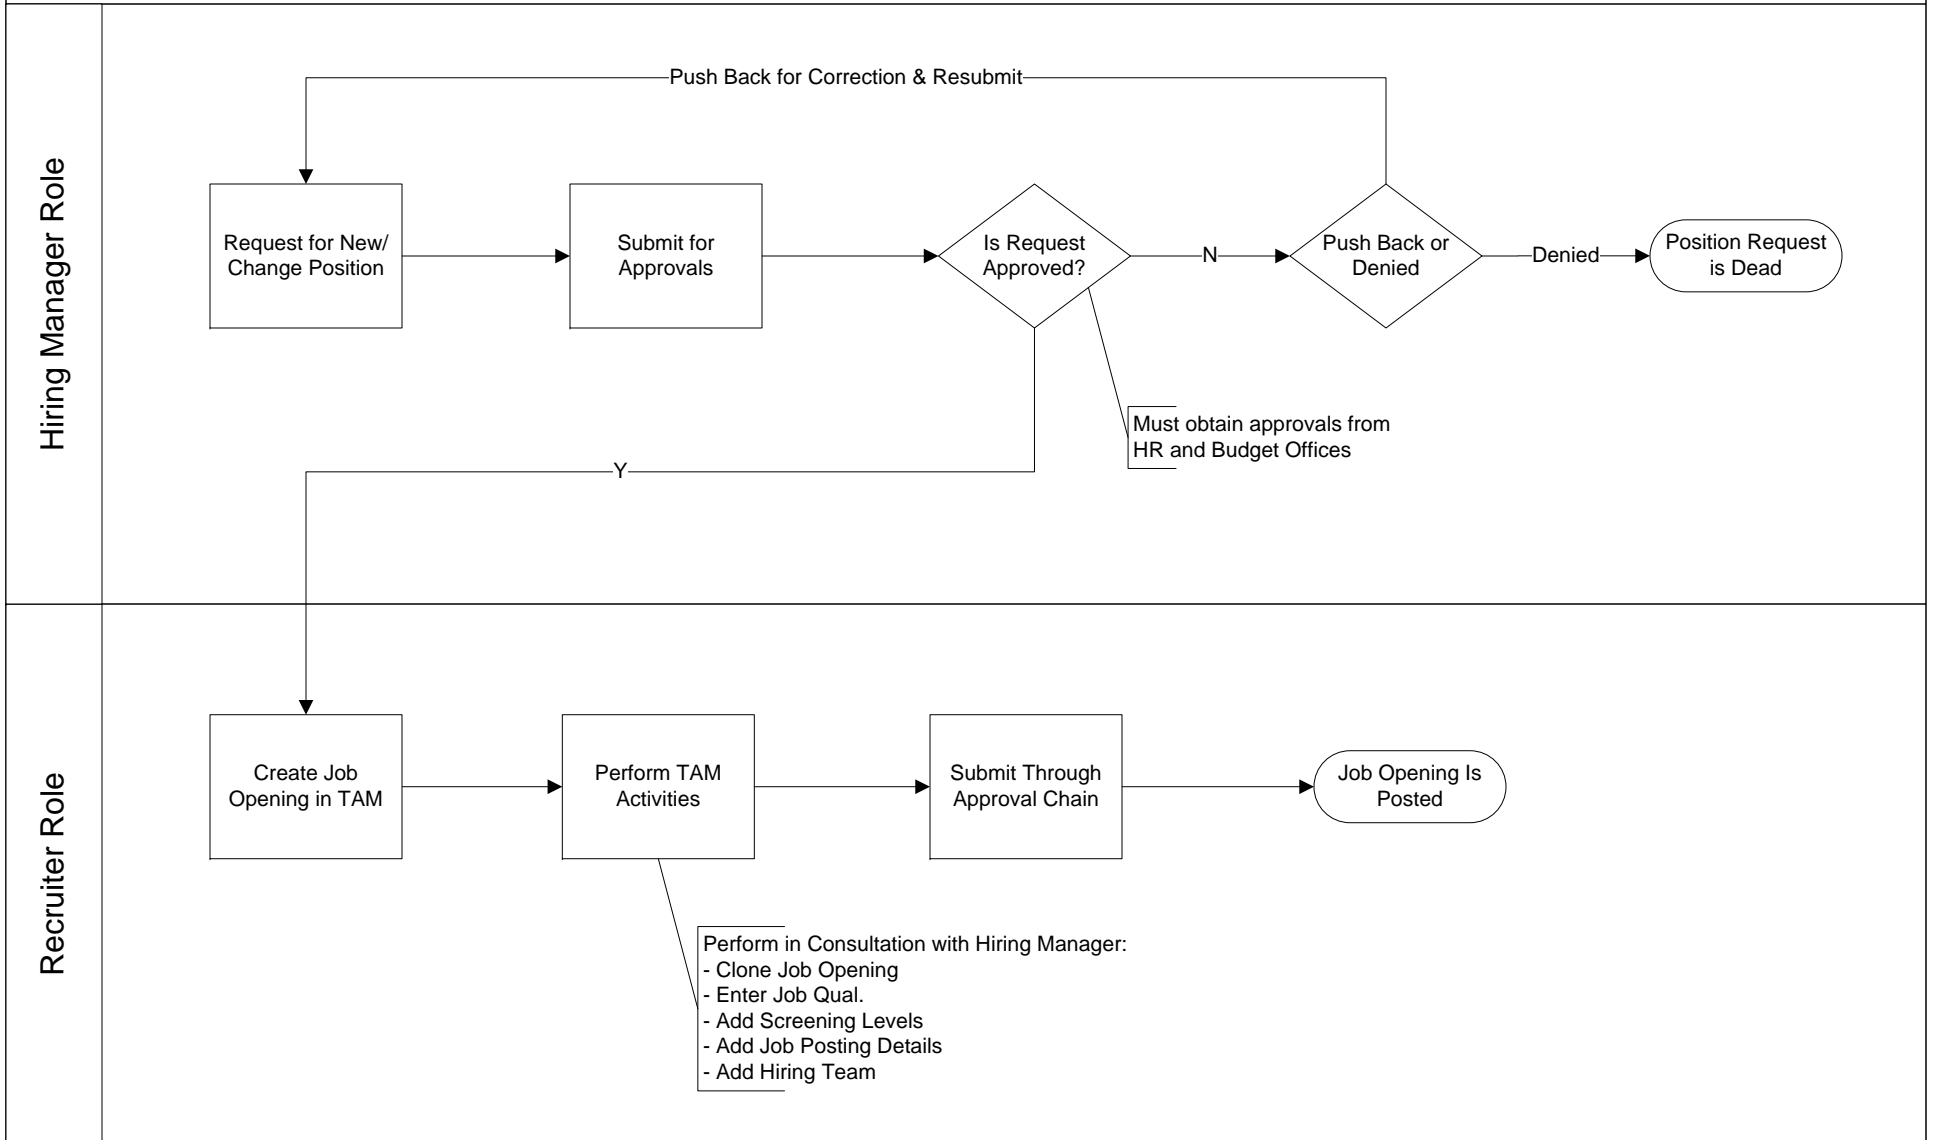

- If the requested salary rate is higher than the minimum rate for College Assistants, submit the job description to the Recruiting Assistant or the HR Director.
- Once PAR is approved, send college assistant to HR to pick up the new work schedule and the appointment letter.
- By May of every year, an evaluation must be submitted to HR indicating whether college assistant will be re-hired or terminated.
- Submit PAR indicating appointment for next fiscal year to avoid college assistant(s) being terminated.
- Re/appointment is contingent upon satisfactory evaluation and proper work authorization.
- The college assisatnt(s) can only start working if **all** of the items mentioned above have been completed.

COMPENSATION AND CLASSIFICATION REFERENCE

Job Codes: Naming Conventions and Common Abbreviations (upd Apr 09)

Purpose: To document naming conventions related to the CUNYfirst Job Code Table. This document defines standards for Job Title only. The standards were originally developed in July 2008 and through input from a number of groups, reflect subsequent changes.

Background:

- There are different "Titles" in CUNYFirst
 - Job Title: name assigned to an employee position in CUNYFirst. It has a six digit code. It most closely resembles the CUPS "Functional Title". It is assigned various other attributes, such as EEO category, IPEDs category, Union Code, etc.
 - Contract Title: has also been called the "Payroll Title" (such as Assistant to HEO). Unlike CUPS, each job title can have only one contract title.
 - Posting Title: the name of a job in a job vacancy posting; used to describe the job but also to entice candidates. It does not have to be the same as the Job Title.
 - Business Card Title: the employee's title reflecting campus standards and HR practices, such as "Associate Director". It does not have to be the same as the Job Title.
- CUNYFirst creates constraints
 - 30-character maximum for a job title name; titles are abbreviated according to standards in this document; Classification Unit will make a file available in the Data Warehouse with complete title names for reporting.
 - One shared set of titles for all schools, and at the Job Title Table level, the titles must have common naming conventions.
 - Each job position is assigned one Job Title.
- Title naming standards must balance a number of priorities
 - Must be simple to locate in queries and long drop-down menus, with minimal training and special exceptions to remember (i.e., reduce number of titles, use consistent title names and abbreviations, use consistent word order)
 - Must be clear and consistent enough to distinguish titles from one another and prevent selecting the wrong title for the job requirement
 - Titles reserved to a single campus (such as Law School) must be very clearly indicated, as all campuses will technically have access to them
 - Titles must be sufficiently generic so that they accommodate a variety of campus working styles and HR practices (i.e., an "Associate Director" at one school is a "Deputy Director" at another and a "Coordinator" at a third, yet they have similar job functions). At the Job Title Table level, title names do not reflect the numerous methods of determining ranking or hierarchy.
- As of this update, there are approximately 1,100 Job Titles in the CUNYFirst system, including faculty, classified civil service, executive, and non-teaching instructional positions. Approximately 350 Job Titles are assigned to HEO positions and 300 titles are assigned to Executives.

Naming Conventions

Title Names: titles which are not sub-divided into job function

Classified Civil Service Titles	Faculty, Laboratory, and Related Titles
<p>There is a separate job code for each level of a title:</p> <p>Accountant 1 Accountant 1A Accountant 2</p> <p>IT Associate 1 IT Associate 1H (Hourly)</p> <p>Title names are identical to official Civil Service names except word order is adjusted so titles in the same promotional series appear together.</p> <p>Accountant Assistant Accountant</p> <p>Architect Assistant Architect</p> <p>Plumber Plumber Supervisor</p> <p>For titles which previously had the suffix (CUNY), this suffix is removed. For titles which previously had the prefix (CUNY) or (COLLEGE), this prefix is removed.</p> <p>Only titles reserved for Central Office have a title name starting with UNIV. This is a change from current practice. For example:</p> <p>Univ Security Director</p>	<p>There is a separate job code for each level of a title, and for full time and hourly positions.</p> <p>Professor Adjunct Professor</p> <p>Graduate Assistant 1 Graduate Assistant 2 Graduate Assistant 3</p> <p>Title names are nearly always identical to bylaw title names.</p> <p>Title abbreviations have been adjusted to be consistent.</p> <p>Titles reserved for Hunter College Campus Schools, Medical School, and Law School, are identified with a separate prefix. For example:</p> <p>HCCS Teacher</p>

Title Names: titles which include job function (generally HEO, REM, and ECP titles).

HEO titles	ECP titles (Also some Central Office HE Officer Titles)
<p>Job Family + Function + Role + Payroll Title (Optional)</p> <p>Example:</p>	<p>Role + Function + Payroll Title (Optional)</p> <p>Examples:</p>

(Date Created: 8/4/2009)

Definitions:

CUNYfirst Position Number: A unique identification code, automatically assigned by the system that corresponds to a specific position; this will first appear as 0000000 for a New Position. The CUNYfirst Position Number is a system generated number that is created automatically when a user requests a new position.

Payserv Posn Nbr (*Used for Senior Colleges Only*): The number associated to the contract title that exists within the State's payroll system. Budget Line Number (*Used for Senior and Community Colleges*): The accounting source of the funding for the position; the line number in the budget where the funding for the position comes from. The Budget Line Number is the same number that is used in PayServ or PMS.

Authorized Recruitment Rate: A limit on the amount of the recruitment rate by College Budget; the limit that may be offered to a candidate which may be lower than the maximum salary rate.

QR-21: Request New Position.....	41

Quick Reference Guide Introduction

In CUNYfirst, supervisors are able to view and work with their staff members' personal and job information. This includes viewing basic information, submitting and approving requests for employee transactions, delegating responsibilities, and the recruiting process.

The purpose of this document is to provide a step-by-step guide of certain processes that supervisors will perform within CUNYfirst. While this document defines those processes, CUNYfirst navigation, and the steps to complete the process, each of these topics are described in detail in the CUNYfirst for Supervisors User Guide. Also, this Quick Reference Guide only contains the processes that will have the most impact on CUNY supervisors. All supervisor processes are covered in the CUNYfirst for Supervisors User Guide.

Please note that while supervisors can submit and approve requests, there are steps within and outside of the CUNYfirst system that are performed by different departments in order for these requests to be completed. For more information on the overall process for each type of request, please refer to the CUNYfirst for Supervisors User Guide.

Topics Covered

- Recruiting for Supervisors
- The Quick Hire/Rehire Process
- Managing Delegations

QR-20: Approval for Separation/Retirement Requests

Step Summary

After a staff member submits a request to separate or retire from the University, an email notice is sent to their supervisor. This email notice contains information relating to the request including the name of the staff member, the Employee ID and the separation date entered by the staff member. The supervisor can negotiate with the staff member, if appropriate, to alter the separation date or negotiate a counter offer.

If a staff member decides not to resign from their position, and the supervisor agrees, the supervisor can deny the request to separate or retire. If denied, a notification will be sent to the staff member stating the request was declined. The supervisor may update the separation date and add a comment as to why this date has changed or what conversations occurred with the staff member. The supervisor will not have the ability to modify the comments submitted by the staff member.

If the request is approved, College HR will continue with the steps necessary for the separation or retirement of a staff member.
