

Grow with Google HSI Career Readiness

Grow with Google 5 Learning Paths

Path 1: Build Your Digital Skills: Students explore a variety of Google digital tools and how they can be used to increase productivity in the workplace and in everyday life.

Path 2: Explore Career Paths: Students research possible career paths to figure out which career might be right for them. Then, they create a career plan and start networking to help them find a job in the field.

Path 3: Land a Great Job: Students use digital tools to search for a job, write a resume and cover letter, and learn how to stand out in interviews while conveying their personal brand throughout.

Path 4: Succeed at Your New Job: Students practice running efficient meetings, managing projects, and presenting to organizational stakeholders.

Path 5: Start Your Own Business: Students research business opportunities, write a business plan, and estimate the financing they'll need to create their own business.
