

MEMORANDUM

To: Hostos Distribution List

From: Shiang-Kwei Wang, Ph.D.
Provost and Vice President for Academic Affairs

Date: April 29, 2022

Subject: STEM Waivers for Summer 2022

The college has once again received funds to waive tuition for select science and math sections offered during the summer to support STEM credit progression and accumulation. Listed below are the sections which will be eligible for STEM tuition waivers. Students who meet the eligibility requirements should enroll in the listed sections as soon as possible. Registration for the summer sessions began on April 5, 2022.

To be eligible for a STEM waiver, students must meet **all** of the following requirements: (1) Enrolled in the class for the first time, (2) Enrolled in an associate degree program, (3) Require the course for their major, (4) Charged as a New York City resident, and (5) Enrolled in one of the waiver eligible sections. **Students who do not meet the eligibility requirements should not enroll in the waiver eligible sections if there are other sections of the course available.** Students who are not eligible for the waivers, and enroll in the waiver eligible sections, will be responsible for tuition charges.

It is important to note that the application of the STEM waiver will not appear on students' accounts immediately. The posting of the waiver takes place a few weeks after the start of the session when the Bursar has reviewed students' accounts and confirmed eligibility.

Important Notes

- Students withdrawing from STEM waiver eligible courses are subject to applicable charges if the withdrawal does not take place prior to the relevant deadline. Please visit the Registrar's web page for withdrawal deadlines. **STEM waivers do NOT apply to withdrawal charges.**
- STEM waivers cover tuition only. Students are responsible for fees.
- Students should only register for courses which are needed for their major and for which they meet the pre/co-requisites.
- Students do not have to be financial aid eligible to receive a waiver

Summer Session I: June 6–June 29			
Final Exam Thursday, June 30			
Course	Name	Section	Number
MAT 105	Math for Allied Health	200A	11769
MAT 120	Intro to Prob & Stat	200B	11774
MAT 150	College Algebra-Trigonometric	000A	11875
MAT 160	Precalculus	000A	11872
Summer Session I Extended: June 6–July 28			
Final Exams Wednesday, July 27 and Thursday, July 28			
Course	Name	Section	Number
MAT 210	Calculus I	200A	11870
MAT 220	Calculus II	200A	11868
MAT 310	Calculus III	200A	11867
BIO 240	Anatomy and Physiology II	400B	11820
BIO 240	Anatomy and Physiology II	700D	11819
BIO 310	Microbiology	400D	11817
BIO 310	Microbiology	700D	11815
CHE 110	Introduction to Chemistry	700B	11812
CHE 110	Introduction to Chemistry	200D	11813
CHE 210	General Chemistry I	500A	11700
CHE 220	General Chemistry II	200B	11810
ENV 110	Environmental Science I	700A	11809
ENV 111	Environmental Science I Lab	700A	11697
