  - ii. Identify the business purpose and how it's beneficial to the college and department/program.
  - iii. The purpose and expected duration of the meeting/event must be stated in the agenda and attached with any/all supporting documentation in the system.
  - iv. A sign-in sheet must be signed by all attendees. Attach the sign-in sheet to the approved invoice when requesting payment.
  - v. The meeting must be at least 2 hours long and must include attendees other than departmental staff.
  - vi. If a meeting/event is cancelled, the food order must be cancelled immediately by the Requester with A La Carte Menu Services, Inc. (x6544). Cancellations are subject to the Terms and Conditions by the food service provider. The Office of Procurement (x7967) should also be notified.
  - vii. The number of attendees must equal or exceed the number for whom food was ordered.

Once a requisition is fully approved with a Valid Budget Check, a Purchase Order will be issued by the Office of Procurement. ***In accordance with CUNY's Purchasing Policy Guidelines, end users must NOT place an order or engage in an agreement that obligates the College for payment in exchange for goods and services without a valid purchase order being issued by the Office of Procurement.*** By creating these transactions, a clear and accessible record of the agreement, the cost to the College and approval of the budget expenditure are captured in CUNYfirst and are easily made available for reporting and/or audit purposes. All payments are made through the CUNYfirst purchase order process.

## HELPFUL TIPS

1. When estimating your attendance for your food order, please plan for at least 10% less than your population as there is traditionally a 10% no show/drop off rate for most events.
2. At your meeting/event, please circulate your attendance sheet. Following your meeting/event, attached the signed attendance sheet to the approved food service invoice and submit both to the appropriate college [Accounts Payable](#) or [Business Office](#) for processing.
3. Food and beverage will not be delivered to classrooms. When providing refreshments, please secure a meeting room in advance with the [Office of Events Management/Conference Center](#).
4. Catering orders without a valid Purchase Order from the Office of Procurement are the sole responsibility of the requester and will be subjected to out of pocket expenses. The College will not be liable to pay for catering orders without valid purchase orders and signed authorization by the Procurement and Grants Offices.
5. Home prepared foods are prohibited at all college functions on campus.
6. If a department requires frequent catering services during the fiscal year, the department is advised to consult with the Director of Procurement about the possibility of having a larger scale, amount-only order (Open Purchase Order).
7. College departments are encouraged to reach out to the [Office of Procurement](#), should they have questions about their particular requisition and the [Accounts Payable Office](#) for Tax Levy and the [Business Office](#) for non-TaxLevy, if they have issues with receipting.
